📄 CAREER SUMMARY

I am an up-and-coming junior developer on the cusp of earning my A.S. in Computer Science from City College of San Francisco. My journey in the world of coding has been fueled by a passion for creating solutions and a curiosity for the intricacies of technology. Proficient in languages such as C++, SQL, Python, and Javascript, I find joy in the elegant blend of logic and creativity that programming offers. From crafting robust algorithms to designing seamless user interfaces using HTML and CSS, I bring a versatile skill set to the table. My coding arsenal includes the efficient use of tools like VS Code, and I've recently embarked on the exciting journey of learning React to further enhance my web development capabilities. Eager to contribute to the ever-evolving landscape of technology, I am committed to continuous learning and pushing the boundaries of what's possible in the digital realm.
